You may also enroll your eligible dependents in benefits including medical, dental, vision and voluntary life insurance. Eligible dependents include:

- Your legal spouse
- Your children up to age 26, regardless of marital, employment or student status
- Children age 26 or older who are unmarried, disabled and financially dependent on you

Children include:

- Natural and adopted children and children placed with you for adoption
- Stepchildren of your current spouse
- Children for whom you are the legal guardian
- Children named in a Qualified Medical Child Support Order

QUALIFYING LIFE EVENT / CHANGING BENEFITS DURING THE YEAR

The benefit choices you make during annual enrollment remain in effect for the entire year. You cannot change your benefits during the year unless you have a qualifying life event.

If you have a qualifying life event, you have 31 days to make a change. Any change you make must be consistent with the qualifying life event. You will be required to submit supporting documentation when you request the change.

Qualifying life events include:

- Birth, adoption, or placement of a child for adoption
- Marriage, divorce, legal separation, annulment or death of your spouse
- Employment changes that cause you or a dependent to gain or lose eligibility for benefits, such as starting or leaving a job, changing from part-time to full-time, and starting or returning from an unpaid leave of absence
- An event that causes your child to no longer be eligible for coverage, such as reaching age 26
- Any change in your home or work location that affects your eligibility for coverage, for example, moving out of the medical plan's network area
- You, your spouse or your child becoming enrolled in Medicare or Medicaid

MEDICAL BENEFITS

You have three UnitedHealthcare (UHC) medical plans to choose from:

- UHC Choice HSA
- UHC HMO
- UHC Choice Plus

COMPARING YOUR MEDICAL OPTIONS

All options cover the same services and include prescription drug coverage. The plans offer discounted rates when you obtain medical care within the plan's network; however, in the Choice Plus HSA and Choice Plus plans you have the flexibility to use any provider you choose. If you use out-of-network providers, you will be responsible for filing claims and paying any applicable charges.

PREVENTIVE CARE

Getting regular preventive care is one of the best ways to make sure you stay healthy. Your medical plan options cover in-network preventive care, including check-ups, well child care visits, health screenings and immunizations at no cost to you and your covered family members.

PRESCRIPTION DRUG COVERAGE

All medical plan options include prescription drug benefits.

Retail

You can fill up to a 31-day supply at any retail pharmacy in the network. Just present your ID card and make the required payment. Covered drugs are listed on the plan's drug list, also known as the formulary.

Mail Order

If you take a maintenance drug to treat an ongoing condition such as high blood pressure, you can order a 90-day supply to be mailed directly to your home at a discount.

CAREFULLY REVIEW THE COMPARISON CHART ON THE FOLLOWING PAGE TO EASILY SEE THE DIFFERENCES BETWEEN THE OPTIONS.

MEDICAL BENEFITS

HAVE YOUR HEALTH CARE DOLLARS GO FURTHER

No one wants to spend any more than necessary on health care. Below are eight ways to be a smart health care consumer and save money.

1. **Stay in your network.** Seeing a doctor in your network will almost always cost you less.
2. **Use convenience care clinics.** For minor illnesses and injuries, convenience care clinics located in pharmacies, grocery stores and other retail stores provide quick, affordable care.
3. **Use the emergency room only for true emergencies.** For non-life-threatening emergencies, visit an urgent care center instead of the emergency room. You'll get treated more quickly and pay less.
4. **Visit a doctor online.** All plans offer this service, you can consult with a doctor about minor illnesses or injuries virtually by phone or online.
5. **Ask for generic drugs.** You can save up to 80% compared to brand-name drugs.
6. **Use cost saving tools.** Compare the cost medical tests, services and procedures online at **www.myuhc.com**.
7. **Avoid the hospital.** Many procedures like MRIs and colonoscopies cost less when done at independent outpatient centers instead of a hospital. Outpatient surgery is also less expensive than hospitalization.
8. **Get regular preventive care.** Getting checkups, immunizations and other health screenings can help detect health problems early when they are less expensive to treat.

HEALTH SAVINGS ACCOUNT

If you enroll in the Choice HSA medical plan, you may open a Health Savings Account (HSA) with OptumBank. An HSA is a bank account that can be used for qualified health care expenses, such as your deductible, coinsurance and prescription drug costs. To fund the HSA, you may contribute tax-free dollars from your paycheck.

ADVANTAGES OF AN HSA

1. **It's flexible:** Use your HSA now, or save it for later. You decide when to save and when to spend. You can even save for health care expenses after you retire.
2. **No "use it or lose it" rule:** The money in your HSA belongs to you. It rolls over each year and you can take it with you if you leave the company.
3. **Triple tax-advantages:***
    1. Pay no taxes on money you contribute.
    2. Pay no taxes on interest you earn.
    3. Pay no taxes when you withdraw money.

    *Applies to federal and most state taxes.
4. **You can invest your account:** Once your account balance reaches a certain amount, you can choose to invest it in a variety of investments.

Eligibility requirements:

- Must be enrolled one of the HSA medical plan options
- Must not be enrolled in Medicare
- Must not be covered by other medical insurance
- Must not have received VA medical benefits at any time in the past three months
- Spouse not contributing to/participating in a general-purpose FSA through his/her employer

HSA ANNUAL CONTRIBUTIONS

You may choose to make pre-tax contributions to your HSA. The amount you are allowed to contribute is regulated by federal law. The maximum for 2026 is $4,400 for employee only coverage and $8,750 for all other coverage levels. If you are age 55 or older, you may make additional pre-tax catch-up contributions of up to $1,000 per year. You can start, stop or change the amount of your HSA contributions anytime during the year.

DENTAL BENEFITS

The company offers dental coverage through a plan administered by Guardian. The plan encourages you to maintain good dental health by paying 100% of the cost for preventive care such as routine check-ups and cleanings. You have the flexibility to see any dentist you choose, but you'll pay less when you receive care from a network dentist. When you see an out-of-network dentist, you will be responsible for filing claims and paying any charges that exceed the plan's usual and customary amounts for the services you receive.

Below is an overview of the benefits.

	IN-NETWORK	OUT-OF-NETWORK

DEPENDENT CARE FLEXIBLE SPENDING ACCOUNT

The Dependent Care Flexible Spending Account allows you to set aside money from your paycheck to pay Dependent Care expenses with tax-free dollars. When you contribute the FSA, your pre-tax contributions reduce your taxable income.

The account can be used to pay for eligible child (up to age 13) or elderly care (i.e. day care, summer day (not sleep away) camp, after-school care and adult day care for adult dependents). The care must be necessary to enable you and your spouse, if applicable, to work, look for work or attend school full-time.

You can contribute up to $7,500, or $3,750 if married and filing separate tax returns. Carefully estimate how much money you really need. **Any unused money in the account will be forfeited at the end of the year.**

HEALTH CARE FLEXIBLE SPENDING ACCOUNT

Allows employees who are not enrolled in an HDHP or contributing to an HSA to pay for certain IRS-approved medical care expenses with pre-tax dollars. The annual maximum contribution of $3,400 can be used for eligible health care-related expenses, including medical, dental and vision expenses. Any unused funds beyond $680 left in the account will be forfeit at the end of the year.

LIMITED PURPOSE FLEXIBLE SPENDING ACCOUNT

Allows employees participating in the HDHP to pay for certain IRS-approved medical care expenses with pre-tax dollars.

The annual maximum contribution of $3,400 can be used for eligible dental and vision expenses only. Any unused funds beyond $680 left in the account will be forfeit at the end of the year.

COMMUTER BENEFITS

Save money on your work-related transportation costs by setting aside pre-tax dollars in our transit and parking spending accounts. You may choose to set aside up to $340 pre-tax per month for mass transit expenses and up to $340 pre-tax per month for parking expenses.

Each pay period, the appropriate amount will be deducted pre-tax from your paycheck and credited to your parking and transit accounts. You can then use the funds from these accounts to pay for your eligible transportation expenses.

The company also allows you to make additional payroll deductions for after-tax transit and parking expenses. This allows you to have your total monthly expenses available to you in the same accounts.

You may change the amount you are contributing or stop your contributions at any time during the year.

Transit expenses include ferry, subway, train and bus travel. Parking expenses include parking at a station to take another mode of transportation to work or parking at your workplace. Expenses that are not covered include mileage, tolls, parking at your residence and airport parking.

401(K) RETIREMENT BENEFITS

The company offers a 401(k) Retirement Plan to help you save for retirement. You can make two types of contributions:

PRE-TAX CONTRIBUTIONS

Amounts you contribute and any investment earnings are not taxed until you withdraw the money after you retire.

ROTH AFTER-TAX CONTRIBUTIONS

Your contributions are taxed as regular income in the year you make the contributions. Future withdrawals of your contributions and investment earnings are tax free.

You can contribute up to 100% of your pay through automatic payroll deductions, up to the IRS annual maximum ($23,500 for 2026). If you are age 50 or older, you can make an additional catch-up contribution of $31,000. If you are aged 60 to 63, you make an additional catch-up contribution of $34,750. To qualify for the enhanced catch-up contribution, you must be 60, 61, 62, or 63 by the end of the calendar year.

You can choose from a variety of investment options that meet your personal investment goals. Your contributions and any investment earnings are immediately vested, which means they belong to you and you can take them with you if you leave the company.

The company also makes a contribution to help your account grow faster. The amount is discretionary and will be determined each plan year. You become vested in company contributions after 4 years of vesting service.

HEALTH INSURANCE EXCHANGE NOTICE

New Health Insurance Marketplace Coverage Options and Your Health Coverage

For Employers Who Offer a Health Plan to Some or All Employees

PART A: General Information

When key parts of the health care law take effect in 2014, there will be a new way to buy health insurance: The Health Insurance Marketplace. To assist you as you evaluate options for you and your family, this notice provides some basic information about the new Marketplace and employment-based health coverage offered by your employer.

What is the Health Insurance Marketplace?

The Marketplace is designed to help you find health insurance that meets your needs and fits your budget. The Marketplace offers "one-stop shopping" to find and compare private health insurance options. You may also be eligible for a new kind of tax credit that lowers your monthly premium right away. Open enrollment for health insurance coverage through the Marketplace begins in October 2013 for coverage starting as early as January 1, 2014.

Can I Save Money on my Health Insurance Premiums in the Marketplace?

You may qualify to save money and lower your monthly premium, but only if your employer does not offer coverage, or offers coverage that doesn't meet certain standards. The savings on your premium that you're eligible for depends on your household income.

Does Employer Health Coverage Affect Eligibility for Premium Savings through the Marketplace?

Yes. If you have an offer of health coverage from your employer that meets certain standards, you will not be eligible for a tax credit through the Marketplace and may wish to enroll in your employer's health plan. However, you may be eligible for a tax credit that lowers your monthly premium, or a reduction in certain cost-sharing if your employer does not offer coverage to you at all or does not offer coverage that meets certain standards. If the cost of a plan from your employer that would cover you (and not any other members of your family) is more than 9.5% of your household income for the year, or if the coverage your employer provides does not meet the "minimum value" standard set by the Affordable Care Act, you may be eligible for a tax credit. An employer-sponsored health plan meets the "minimum value standard" if the plan's share of the total allowed benefit costs covered by the plan is no less than 60 percent of such costs.

NOTICES

Note: If you purchase a health plan through the Marketplace instead of accepting health coverage offered by your employer, then you may lose the employer contribution (if any) to the employer-offered coverage. Also, this employer contribution -as well as your employee contribution to employer-offered coverage- is often excluded from income for Federal and State income tax purposes. Your payments for coverage through the Marketplace are made on an after-tax basis.

How Can I Get More Information?

For more information about your coverage offered by your employer, please check your summary plan description or contact:

Premium Assistance Under Medicaid and the Children's Health Insurance Program (CHIP)

If you or your children are eligible for Medicaid or CHIP and you're eligible for health coverage from your employer, your state may have a premium assistance program that can help pay for coverage, using funds from their Medicaid or CHIP programs. If you or your children aren't eligible for Medicaid or CHIP, you won't be eligible for these premium assistance programs but you may be able to buy individual insurance coverage through the Health Insurance Marketplace. For more information, visit **www.healthcare.gov.**

If you or your dependents are already enrolled in Medicaid or CHIP and you live in a state listed below, contact your State Medicaid or CHIP office to find out if premium assistance is available.

If you or your dependents are NOT currently enrolled in Medicaid or CHIP, and you think you or any of your dependents might be eligible for either of these programs, contact your State Medicaid or CHIP office or dial **1-877-KIDS NOW** or **www.insurekidsnow.gov** to find out how to apply. If you qualify, ask your state if it has a program that might help you pay the premiums for an employer-sponsored plan.

If you or your dependents are eligible for premium assistance under Medicaid or CHIP, as well as eligible under your employer plan, your employer must allow you to enroll in your employer plan if you aren't already enrolled. This is called a "special enrollment" opportunity, and **you must request coverage within 60 days of being determined eligible for premium assistance.** If you have questions about enrolling in your employer plan, contact the Department of Labor **www.askebsa.dol.gov or call 1-866-444-EBSA (3272).**

If you live in one of the following states, you may be eligible for assistance paying your employer health plan premiums. The following list of states is current as of January 31, 2026. Contact your state for more information on eligibility –

WOMEN'S HEALTH AND CANCER RIGHTS ACT NOTICES

Enrollment Notice

If you have had or are going to have a mastectomy, you may be entitled to certain benefits under the Women's Health and Cancer Rights Act of 1998 (WHCRA). For individuals receiving mastectomy-related benefits, coverage will be provided in a manner determined in consultation with the attending physician and the patient, for:

- All stages of reconstruction of the breast on which the mastectomy was performed;
- Surgery and reconstruction of the other breast to produce a symmetrical appearance;
- Prostheses; and
- Treatment of physical complications of the mastectomy, including lymphedema.

These benefits will be provided subject to the same deductibles and coinsurance applicable to other medical and surgical benefits provided under this plan. If you would like more information on WHCRA benefits, call your plan administrator.

Annual Notice

Do you know that your Plan, as required by the Women's Health and Cancer Rights Act of 1998, provides benefits for mastectomy-related services including all stages of reconstruction and surgery to achieve symmetry between the breasts, prostheses, and complications resulting from a mastectomy, including lymphedema? Call your plan administrator for more information.

MENTAL HEALTH PARITY AND ADDICTION EQUITY ACT DISCLOSURE

The Mental Health Parity and Addiction Equity Act (MHPAEA) of 2008 generally requires group health plans and health insurance issuers to ensure that financial requirements (such as co-pays and deductibles) and treatment limitations (such as annual visit limits) applicable to mental health or substance use disorder benefits are no more restrictive than the predominant requirements or limitations applied to substantially all medical/surgical benefits. For information regarding the criteria for medical necessity determinations made under the Company Plan with respect to mental health or substance use disorder benefits, please contact your plan administrator.

NOTICES

NEWBORNS' AND MOTHERS' HEALTH PROTECTION ACT NOTICE

Group health plans and health insurance issuers generally may not, under Federal law, restrict benefits for any hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following vaginal delivery, or less than 96 hours following a cesarean section. However, Federal law generally does not prohibit the mother's or newborn's attending provider, after consulting with the mother, from discharging the mother or her newborn earlier than 48 hours (or 96 hours as applicable). In any case, plans and issuers may not, under Federal law, require that a provider obtain authorization from the plan or the insurance issuer for prescribing a length of stay not in excess of 48 hours (or 96 hours).

MEDICARE PART D CREDITABLE COVERAGE NOTICE

Important Notice About Your Prescription Drug Coverage and Medicare

Please read this notice carefully and keep it where you can find it. This notice has information about your current prescription drug coverage with your company and about your options under Medicare's prescription drug coverage. This information can help you decide whether or not you want to join a Medicare drug plan. If you are considering joining, you should compare your current coverage, including which drugs are covered at what cost, with the coverage and costs of the plans offering Medicare prescription drug coverage in your area. Information about where you can get help to make decisions about your prescription drug coverage is at the end of this notice.

There are two important things you need to know about your current coverage and Medicare's prescription drug coverage:

1. Medicare prescription drug coverage became available in 2006 to everyone with Medicare. You can get this coverage if you join a Medicare Prescription Drug Plan or join a Medicare Advantage Plan (like an HMO or PPO) that offers prescription drug coverage. All Medicare drug plans provide at least a standard level of coverage set by Medicare. Some plans may also offer more coverage for a higher monthly premium.
2. Your company has determined that the prescription drug coverage offered by the Company Plan is, on average for all plan participants, expected to pay out as much as standard Medicare prescription drug coverage pays and is therefore considered Creditable Coverage. Because your existing coverage is Creditable Coverage, you can keep this coverage and not pay a higher premium (a penalty) if you later decide to join a Medicare drug plan.

NOTICES

When Can You Join a Medicare Drug Plan?

You can join a Medicare drug plan when you first become eligible for Medicare and each year from October 15th to December 7th.

However, if you lose your current creditable prescription drug coverage, through no fault of your own, you will also be eligible for a two (2) month Special Enrollment Period (SEP) to join a Medicare drug plan.

What Happens to Your Current Coverage If You Decide to Join a Medicare Drug Plan?

If you decide to join a Medicare drug plan, your current Company coverage will not be affected.

If you do decide to join a Medicare drug plan and drop your current Company coverage, be aware that you and your dependents will be able to get this coverage back.

When Will You Pay a Higher Premium (Penalty) to Join a Medicare Drug Plan?

You should also know that if you drop or lose your current coverage with your company and don't join a Medicare drug plan within 63 continuous days after your current coverage ends, you may pay a higher premium (a penalty) to join a Medicare drug plan later.

If you go 63 continuous days or longer without creditable prescription drug coverage, your monthly premium may go up by at least 1% of the Medicare base beneficiary premium per month for every month that you did not have that coverage. For example, if you go nineteen months without creditable coverage, your premium may consistently be at least 19% higher than the Medicare base beneficiary premium. You may have to pay this higher premium (a penalty) as long as you have Medicare prescription drug coverage. In addition, you may have to wait until the following October to join.

For More Information About This Notice or Your Current Prescription Drug Coverage

Contact the person listed below for further information call your benefit administrator. NOTE: You'll get this notice each year. You will also get it before the next period you can join a Medicare drug plan, and if this coverage through your company changes. You also may request a copy of this notice at any time.

For More Information About Your Options Under Medicare Prescription Drug Coverage...

More detailed information about Medicare plans that offer prescription drug coverage is in the "Medicare & You" handbook. You'll get a copy of the handbook in the mail every year from Medicare. You may also be contacted directly by Medicare drug plans.

NOTICES

For more information about Medicare prescription drug coverage:

- Visit www.medicare.gov
- Call your State Health Insurance Assistance Program (see the inside back cover of your copy of the "Medicare & You" handbook for their telephone number) for personalized help
- Call 1-800-MEDICARE (1-800-633-4227). TTY users should call 1-877-486-2048.

If you have limited income and resources, extra help paying for Medicare prescription drug coverage is available. For information about this extra help, visit Social Security on the web at www.socialsecurity.gov, or call them at 1-800-772-1213 (TTY 1-800-325-0778).

Remember: Keep this Creditable Coverage notice. If you decide to join one of the Medicare drug plans, you may be required to provide a copy of this notice when you join to show whether or not you have maintained creditable coverage and, therefore, whether or not you are required to pay a higher premium (a penalty).

"Genetic information," as defined by GINA, includes an individual's family medical history, the results of an individual's or family member's genetic tests, the fact that an individual or an individual's family member sought or received genetic services, and genetic information of a fetus carried by an individual or an individual's family member or an embryo lawfully held by an individual or family member receiving assistive reproductive services.

GENERAL NOTICE OF COBRA RIGHTS

Continuation Coverage Rights Under COBRA

Introduction

You're getting this notice because you recently gained coverage under a group health plan (the Plan). This notice has important information about your right to COBRA continuation coverage, which is a temporary extension of coverage under the Plan. This notice explains COBRA continuation coverage, when it may become available to you and your family, and what you need to do to protect your right to get it. When you become eligible for COBRA, you may also become eligible for other coverage options that may cost less than COBRA continuation coverage.

The right to COBRA continuation coverage was created by a federal law, the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA). COBRA continuation coverage can become available to you and other members of your family when group health coverage would otherwise end. For more information about your rights and obligations under the Plan and under federal law, you should review the Plan's Summary Plan Description or contact the Plan Administrator.

You may have other options available to you when you lose group health coverage. For example, you may be eligible to buy an individual plan through the Health Insurance Marketplace. By enrolling in coverage through the Marketplace, you may qualify for lower costs on your monthly premiums and lower out-of-pocket costs. Additionally, you may qualify for a 30-day special enrollment period for another group health plan for which you are eligible (such as a spouse's plan), even if that plan generally doesn't accept late enrollees.

What is COBRA continuation coverage?

COBRA continuation coverage is a continuation of Plan coverage when it would otherwise end because of a life event. This is also called a "qualifying event." Specific qualifying events are listed later in this notice. After a qualifying event, COBRA continuation coverage must be offered to each person who is a "qualified beneficiary." You, your spouse, and your dependent children could become qualified beneficiaries if coverage under the Plan is lost because of the qualifying event. Under the Plan, qualified beneficiaries who elect COBRA continuation coverage must pay for COBRA continuation coverage.

If you're an employee, you'll become a qualified beneficiary if you lose your coverage under the Plan because of the following qualifying events:

- Your hours of employment are reduced, or
- Your employment ends for any reason other than your gross misconduct.

NOTICES

If you're the spouse of an employee, you'll become a qualified beneficiary if you lose your coverage under the Plan because of the following qualifying events:

- Your spouse dies;
- Your spouse's hours of employment are reduced;
- Your spouse's employment ends for any reason other than his or her gross misconduct;
- Your spouse becomes entitled to Medicare benefits (under Part A, Part B, or both); or
- You become divorced or legally separated from your spouse.

Your dependent children will become qualified beneficiaries if they lose coverage under the Plan because of the following qualifying events:

- The parent-employee dies;
- The parent-employee's hours of employment are reduced;
- The parent-employee's employment ends for any reason other than his or her gross misconduct;
- The parent-employee becomes entitled to Medicare benefits (Part A, Part B, or both);
- The parents become divorced or legally separated; or
- The child stops being eligible for coverage under the Plan as a "dependent child".

When is COBRA continuation coverage available?

The Plan will offer COBRA continuation coverage to qualified beneficiaries only after the Plan Administrator has been notified that a qualifying event has occurred. The employer must notify the Plan Administrator of the following qualifying events:

- The end of employment or reduction of hours of employment;
- Death of the employee;
- The employee's becoming entitled to Medicare benefits (under Part A, Part B, or both).

NOTICES

For all other qualifying events (divorce or legal separation of the employee and spouse or a dependent child's losing eligibility for coverage as a dependent child), you must notify the Plan Administrator within 60 days after the qualifying event occurs. You must provide this notice to:

Srikanth Mogulla
21000 Atlantic Blvd, Ste. 750
Sterling, VA 20166
Direct Line: 703-936-2708 | srikanth.mogulla@antra.com

How is COBRA continuation coverage provided?

Once the Plan Administrator receives notice that a qualifying event has occurred, COBRA continuation coverage will be offered to each of the qualified beneficiaries. Each qualified beneficiary will have an independent right to elect COBRA continuation coverage. Covered employees may elect COBRA continuation coverage on behalf of their spouses, and parents may elect COBRA continuation coverage on behalf of their children.

COBRA continuation coverage is a temporary continuation of coverage that generally lasts for 18 months due to employment termination or reduction of hours of work. Certain qualifying events, or a second qualifying event during the initial period of coverage, may permit a beneficiary to receive a maximum of 36 months of coverage.

There are also ways in which this 18-month period of COBRA continuation coverage can be extended:

Disability extension of 18-month period of COBRA continuation coverage

If you or anyone in your family covered under the Plan is determined by Social Security to be disabled and you notify the Plan Administrator in a timely fashion, you and your entire family may be entitled to get up to an additional 11 months of COBRA continuation coverage, for a maximum of 29 months. The disability would have to have started at some time before the 60th day of COBRA continuation coverage and must last at least until the end of the 18-month period of COBRA continuation coverage.

Second qualifying event extension of 18-month period of continuation coverage

If your family experiences another qualifying event during the 18 months of COBRA continuation coverage, the spouse and dependent children in your family can get up to 18 additional months of COBRA continuation coverage, for a maximum of 36 months, if the Plan is properly notified about the second qualifying event. This extension may be available to the spouse and any dependent children getting COBRA continuation coverage if the employee or former employee dies; becomes entitled to Medicare benefits (under Part A, Part B, or both); gets divorced or legally separated; or if the dependent child stops

NOTICES

being eligible under the Plan as a dependent child. This extension is only available if the second qualifying event would have caused the spouse or dependent child to lose coverage under the Plan had the first qualifying event not occurred.

Are there other coverage options besides COBRA Continuation Coverage?

Yes. Instead of enrolling in COBRA continuation coverage, there may be other coverage options for you and your family through the Health Insurance Marketplace, Medicaid, or other group health plan coverage options (such as a spouse's plan) through what is called a "special enrollment period." Some of these options may cost less than COBRA continuation coverage. You can learn more about many of these options at www.healthcare.gov.

If you have questions

Questions concerning your Plan or your COBRA continuation coverage rights should be addressed to the contact or contacts identified below. For more information about your rights under the Employee Retirement Income Security Act (ERISA), including COBRA, the Patient Protection and Affordable Care Act, and other laws affecting group health plans, contact the nearest Regional or District Office of the U.S. Department of Labor's Employee Benefits Security Administration (EBSA) in your area or visit www.dol.gov/ebsa. (Addresses and phone numbers of Regional and District EBSA Offices are available through EBSA's website.) For more information about the Marketplace, visit www.HealthCare.gov.

Keep your Plan informed of address changes

To protect your family's rights, let the Plan Administrator know about any changes in the addresses of family members. You should also keep a copy, for your records, of any notices you send to the Plan Administrator.

GENERAL FMLA NOTICE

Employee Rights Under the Family and Medical Leave Act

The United States Department of Labor Wage and Hour Division

Leave Entitlements

Eligible employees who work for a covered employer can take up to 12 weeks of unpaid, job-protected leave in a 12-month period for the following reasons:

- The birth of a child or placement of a child for adoption or foster care;
- To bond with a child (leave must be taken within 1 year of the child's birth or placement);
- To care for the employee's spouse, child, or parent who has a qualifying serious health condition;
- For the employee's own qualifying serious health condition that makes the employee unable to perform the employee's job;
- For qualifying exigencies related to the foreign deployment of a military member who is the employee's spouse, child, or parent.

An eligible employee who is a covered service member's spouse, child, parent, or next of kin may also take up to 26 weeks of FMLA leave in a single 12-month period to care for the service member with a serious injury or illness.

An employee does not need to use leave in one block. When it is medically necessary or otherwise permitted, employees may take leave intermittently or on a reduced schedule.

Employees may choose, or an employer may require, use of accrued paid leave while taking FMLA leave. If an employee substitutes accrued paid leave for FMLA leave, the employee must comply with the employer's normal paid leave policies.

Benefits & Protections

While employees are on FMLA leave, employers must continue health insurance coverage as if the employees were not on leave.

Upon return from FMLA leave, most employees must be restored to the same job or one nearly identical to it with equivalent pay, benefits, and other employment terms and conditions. An employer may not interfere with an individual's FMLA rights or retaliate against someone for using or trying to use FMLA leave, opposing any practice made unlawful by the FMLA, or being involved in any proceeding under or related to the FMLA.

Eligibility Requirements

An employee who works for a covered employer must meet three criteria in order to be eligible for FMLA leave. The employee must:

- Have worked for the employer for at least 12 months;
- Have at least 1,250 hours of service in the 12 months before taking leave;* and
- Work at a location where the employer has at least 50 employees within 75 miles of the employee's worksite.

*Special "hours of service" requirements apply to airline flight crew employees.

Requesting Leave

Generally, employees must give 30-days' advance notice of the need for FMLA leave. If it is not possible to give 30-days' notice, an employee must notify the employer as soon as possible and, generally, follow the employer's usual procedures.

Employees do not have to share a medical diagnosis, but must provide enough information to the employer so it can determine if the leave qualifies for FMLA protection. Sufficient information could include informing an employer that the employee is or will be unable to perform his or her job functions, that a family member cannot perform daily activities, or that hospitalization or continuing medical treatment is necessary.

Employees must inform the employer if the need for leave is for a reason for which FMLA leave was previously taken or certified.

Employers can require a certification or periodic recertification supporting the need for leave. If the employer determines that the certification is incomplete, it must provide a written notice indicating what additional information is required.

Employer Responsibilities

Once an employer becomes aware that an employee's need for leave is for a reason that may qualify under the FMLA, the employer must notify the employee if he or she is eligible for FMLA leave and, if eligible, must also provide a notice of rights and responsibilities under the FMLA. If the employee is not eligible, the employer must provide a reason for ineligibility.

Employers must notify its employees if leave will be designated as FMLA leave, and if so, how much leave will be designated as FMLA leave.

NOTICES

Enforcement

USERRA NOTICE

Your Rights Under USERRA

A. The Uniformed Services Employment and Reemployment Rights Act

USERRA protects the job rights of individuals who voluntarily or involuntarily leave employment positions to undertake military service or certain types of service in the National Disaster Medical System. USERRA also prohibits employers from discriminating against past and present members of the uniformed services, and applicants to the uniformed services.

B. Reemployment Rights

- You have the right to be reemployed in your civilian job if you leave that job to perform service in the uniformed service and:
- You ensure that your employer receives advance written or verbal notice of your service;
- You have five years or less of cumulative service in the uniformed services while with that particular employer;
- You return to work or apply for reemployment in a timely manner after conclusion of service; and
- You have not been separated from service with a disqualifying discharge or under other than honorable conditions.

NOTICES

If you are eligible to be reemployed, you must be restored to the job and benefits you would have attained if you had not been absent due to military service or, in some cases, a comparable job.

C. Right To Be Free From Discrimination and Retaliation

If you:

- Are a past or present member of the uniformed service;
- Have applied for membership in the uniformed service; or
- Are obligated to serve in the uniformed service;

Then an employer may not deny you:

- Initial employment;
- Reemployment;
- Retention in employment;
- Promotion; or
- Any benefit of employment because of this status.

In addition, an employer may not retaliate against anyone assisting in the enforcement of USERRA rights, including testifying or making a statement in connection with a proceeding under USERRA, even if that person has no service connection.

D. Health Insurance Protection

- If you leave your job to perform military service, you have the right to elect to continue your existing employer-based health plan coverage for you and your dependents for up to 24 months while in the military.
- Even if you do not elect to continue coverage during your military service, you have the right to be reinstated in your employer's health plan when you are reemployed, generally without any waiting periods or exclusions (e.g., pre-existing condition exclusions) except for service-connected illnesses or injuries.

NOTICES
