

TechWish 401(k) Plan

Disclosure & Comparative Chart for Retirement Plan Participants

All individuals who have the right to direct investments in an employer-sponsored retirement plan are being provided with the attached detailed disclosure of fees, expenses and services provided in connection with such plan. This document is specific to your plan. You will see additional disclosures and an itemization of fees which may be assessed to your individual account on your next quarterly statement (and all future statements).

Why am I receiving this disclosure?

Because you have the right to direct investments under a retirement plan or because you are considered to be one of the following:

- An employee eligible to join your employer's retirement plan
- An active participant in the plan
- A former employee with a vested balance in the plan
- A retiree with a vested balance in the plan
- An active beneficiary of a former employee's plan account
- An alternate payee under a QDRO (qualified domestic relations order), typically as the result of a divorce

What do I need to do?

There is no action you need to take as a result of receiving this disclosure, however: you should consider reviewing the following pages carefully to learn more about the fees you pay and the services you receive related to your retirement plan.

This document describes investment information, services, fees and expenses contractually established and agreed upon by the sponsor of this employer-sponsored retirement plan and Transamerica. Any changes to the contractually established information set forth in this document that are not completed, or agreed upon in writing, by an authorized representative of Transamerica, either in part or in total, shall invalidate this disclosure and Transamerica will bear no responsibility for any liability whatsoever that may result, either directly or indirectly, as the result of such change, nor for any ensuing misperceptions on the part of disclosure recipients as a result of such changes.

DISCLOSURE & COMPARATIVE CHART
TechWish 401(k) Plan (Plan)
IMPORTANT INFORMATION REGARDING YOUR PLAN
May 17, 2022

A retirement plan offers a convenient way to save for retirement and often provides unique features and benefits not available elsewhere. Individuals have the opportunity to make the plan work harder for them by committing to consistent savings early, taking full advantage of the tools and services available, maintaining a long-term investment strategy, and understanding how the plan works, including plan investment choices and fees. This document was prepared to aid you in that understanding.

General Plan Information	
Investment Vehicle	A mutual fund investment platform with registered mutual funds that are distributed by Transamerica Investors Securities Corporation and general account investments (Investment Choices). The general account Investment Choice offered is underwritten by Transamerica Life Insurance Company, 6400 C Street SW, Cedar Rapids, Iowa 52499, an Iowa insurance company (Transamerica).
How to Direct Your Investments and Make Allocation Changes	<u>Direction of investments:</u> You may direct the investment of your Plan account. <u>404(c) Compliance:</u> This plan intends to comply with the administrative requirements of ERISA section 404(c). ERISA section 404(c) was designed to ensure that you have the opportunity to (1) exercise control over the investment of your accounts available for your direction, and (2) choose from a broad range of investment alternatives. <u>Timing for making investment allocation changes:</u> On any business day. To change your investment allocation, you may go to: transamerica.com/portal/home or call 1-800-401-8726. For a complete description of investment direction rights, limitations, or restrictions under your Plan, refer to your Plan's Summary Plan Description (SPD), or similar document provided.
Transfer Restrictions	Some Investment Choices may have transfer restrictions (See Table 1 for details, if applicable).
Voting, Tender and Similar Rights and Restrictions	The Plan Sponsor shall have the right to exercise voting and tender rights attributable to mutual funds offered under the Plan.
List of Investment Choices	For the listing of the Investment Choices active under your Plan, please see the section titled "Comparative Chart" under Table 1 and Table 2.
Managed Advice® Services	Managed Advice® provides a participant with an asset allocation mix of funds available within the plan. The asset allocation mix will be automatically rebalanced and reallocated, managing risk and return as participants' settings and goals change over time. The Plan Sponsor has

	selected the following conversion strategy for Managed Advice® services: • Managed Advice® – Voluntary: Participants will need to proactively subscribe to Managed Advice®. Participants may receive a try out period for these services. Participants can log on to transamerica.com/portal/home to see their applicable try out period. After the try out period, an annual charge of 0.45% will be deducted from Participant Accounts. Participants may unsubscribe from the service via the website at any time. Certain investment options or the underlying investment of an investment option, whichever is applicable, may charge a redemption fee. Redemption fees vary in amount and application. It is possible that transactions initiated under Managed Advice® may result in the imposition of a redemption fee on one or more investment options available under the Plan. All redemption fees will be deducted from participants' account balances.
--	--

Potential General Administrative Fees	
Plan Fees	Plan Fees which may be paid directly by your employer or deducted from individual participant accounts include, but are not limited to: • PSFs are used to offset Plan and participant related recordkeeping, administration, and other retirement plan services of up to 0.44 % annually of assets held in each Investment Choice • Fees charged by Transamerica for: 1) education materials and workshops; 2) base and per participant recordkeeping; 3) the processing of outside assets, when applicable. Additionally, when applicable, Transamerica charges hourly fees for administrative consulting, compliance consulting, and plan termination processing. • Fees directed by the plan sponsor to be allocated to participants, including auditor fees, and legal fees, when applicable, and as permitted to be charged to the plan. The fees described above may be paid by your employer, or from: an expense account established for the plan; a deduction from each participant account on a pro-rata or per capital basis, or expenses collected from each investment choices selected for the plan. For those fees deducted from each participant account, the actual amount deducted, as well as a description of the services to which the fee relates, will be reported on the quarterly participant statement.

Potential General Administrative Fees	
	Refer to Exhibit A to see details regarding any base and per participant fees applicable to your Plan.
Transaction Fees	Transaction fees which may be charged against individual participant accounts include: Transaction Fees may be charged by Transamerica for providing services related to the establishment and maintenance of loans, distributions and withdrawals. The Loan Maintenance Fees shown in Exhibit A are effective November 1, 2021. All amounts deducted from participant accounts, as well as a description of the services to which the fees relate, if any, are reported on your quarterly participant statement. In the event you request a Qualified Birth/Adoption Distribution the amount shown in Exhibit A will be identified as a Birth/Adoption Distribution Processing Fee. Refer to Exhibit A to see a list of the Transaction Fees applicable to your Plan.
Asset-Based Fees	<u>Plan Service Fees.</u> A Plan Service Fee (PSF) may apply to assets allocated to each Investment Choice in the Plan. This PSF represents a charge or debit and will vary depending on the demographics of your Plan. A negative PSF represents a credit to the assets under the Program for the applicable Investment Choice. Other asset-based fees may be expressed as a percentage of the assets held in each Investment Choice on a pro-rata basis, or as a specified dollar amount charged to the Plan. These charges are used to subsidize costs for plan-related recordkeeping, administration, payment to financial advisors, and other retirement plan services that would otherwise be charged separately. Actual dollar amounts are reported on your quarterly participant statement. Refer to Exhibit A to see a description of the Asset-Based Fees applicable to your Plan.
Investment Information	
The information below is provided to help you compare the Investment Choices under your Plan. If you want additional information about your Investment Choices, including principal risks, current investment performance and a glossary of terms, you may go to: transamerica.com/portal/home or call 1-800-401-8726. Table 1 below focuses on Investment Choices that do not have a fixed or stated rate of return, and shows fee and expense information, as well as investment performance for each choice and an appropriate benchmark performance (shown in <i>italics</i>). Past performance does not guarantee how the Investment Choice will perform in the future. Your investment in these choices could lose money. Total Annual Operating Expenses reduce the rate of return of each Investment Choice. Fund specific operating expense details are available at transamerica.com/portal/home. The cumulative effect of fees and expenses can substantially reduce the growth of your retirement savings. Visit the Department of Labor's website for an example showing the long-term effect of fees and expenses at http://www.dol.gov/ebsa/publications/401k_employee.html. Fees and expenses are only one of many factors to consider when you decide to invest. You may also want to think about whether investing in a particular Investment Choice will help you achieve your financial goals.

*This is the cost of each Investment Choice for a 12-month period of time.

Note Type A Transfers into the investment choice are restricted for a rolling 28-day period once a round trip transfer ("in" and "out") has been made.

Note Type B Participants who exchange shares out of an investment choice will not be permitted to exchange shares into the same investment choice for 60 calendar days. The policy will not prevent regular employer or participant contributions into an investment choice, nor will it prevent a participant from exchanging out of an investment choice at any time. Reallocation and rebalancing transactions completed systematically or directly by participants will not be exempt from the frequent-trading policy.

Note Type C Transfers into the investment choice are restricted for a rolling 30-day period once a transfer out has been made.

Table 2 below focuses on Investment Choices that have a fixed or stated rate of return, and shows the annual rate of return, the term or length it is earned, and other information relevant to performance. The table below shows no Annual Operating Expenses, as the interest rate is net of any operating expenses. For additional information on the fixed choice associated with your Plan, go to: transamerica.com/portal/home.

Comparative Chart - Table 2 – Fixed Choices					
Name of Investment Choice	Return/Credited Rate	Term	Other (Explanation of Term)	PSF/ Credit	Shareholder-Type Fees/Comments

Transamerica Stable Value Core Option	0.75%	Semi-Annual	Interest rates are reset semi-annually and apply to all assets.	0.44%	General account stable value investments may be subject to withdrawal or transfer restrictions at the Plan level under specific circumstances. Fees and charges under the group annuity contract or applicable service agreement may change if the Contractholder/Sponsor directs Transamerica to remove the Stable Value Investment Choice from the available Investment Choices for the Plan. Contact your Transamerica Representative for more information. Hold and withdrawal restrictions do not typically apply to participants.
